

GAURAV GUDDETI

+91-7276082005 guddetigaurav1@gmail.com gaurav-guddeti Gauravguddeti

Technical Skills

Programming Languages: Python, Java, C, C++, JavaScript, SQL, HTML, CSS
Libraries & Tools: PyTorch, TensorFlow, OpenCV, Hugging Face, React, Streamlit, LangGraph, RAG
Databases: MySQL, PostgreSQL, Supabase, Firebase
Technologies: Docker, Git, FastAPI, Node.js, Next.js, Tailwind CSS, Power BI

Experience

ChatMaven.ai | *Data Science & AI Intern*

June 2025 – Oct 2025

Remote / Pune, India

- Built an **AI-driven IVR system** leveraging **RAG** and **LangGraph** for intelligent query handling and context-aware conversational flows.
- Contributed to AI model integration, backend optimizations, and development of new features for production chatbot systems.
- Deployed **AI/ML applications** in real-world products with focus on scalability and performance across cross-functional teams.

Education

Vishwakarma University – Pune, India

Expected 2027

B.Tech in Computer Science (AI & ML) – CGPA: 8.15

Key Projects

RateMyProf India | *Full-Stack Web Platform* | ratemyprof.me

2025

- Built a professor/college rating platform for Indian students with **1000+ potential users** in production.
- Developed immersive **3D WebGL** landing page using React Three Fiber, reducing initial bundle size by **40%**.
- Implemented secure anonymous review system with **JWT auth**, real-time search, and admin moderation panel.

RelayX | *AI-Powered Voice & Telephony Automation*

2025

- Built an AI-driven voice automation system for outbound/inbound calls with **real-time speech recognition**.
- Integrated **RAG** and **LangGraph** for context-aware conversational flows with campaign management features.
- Designed low-latency voice pipelines with optimized **STT/TTS** handling; architected backend for scalability.

SmartJeb | *AI-Powered Expense Tracker* | smartjeb.vercel.app

2025

- Modern, secure financial companion with AI-powered insights. Tech Stack: Node.js, Supabase, Tailwind CSS.

Crop Disease Analyzer | *AI for Agriculture* | [Demo](#)

2024

- Detects crop diseases using AI-based image analysis. Tech Stack: React.js, Material UI, AI models.

Smart Traffic Signal | *YOLOv8 Real-Time Vehicle Analysis*

2024

- Adjusts signal timings dynamically using **YOLOv8**-based real-time vehicle analysis. Tech Stack: Python, OpenCV.

Leadership & Awards

- Published and presented a **research paper** on Smart Door Lock System at a Delhi conference.
- Hackathon Moderator** – Coordinated a major college event and awarded a Gold Medal.
- Winner of a **Valorant National Championship**, showcasing leadership & teamwork.
- Core Member, **Visionary Club** – College tech & innovation group.

Certifications

Generative AI Fundamentals – Google, 2023 | **AI For India 2.0** – GUVI, 2023 | **Complete Python Bootcamp** – Udemy, 2023
IBM Skills Network (Coursera), **2025**: Software Engineering, Cloud Computing, React, Node.js, Python for AI, Flask, Django.
